Our Core Strengths: Expertise, secure infrastructure, and global readiness

Established Expertise

OneVasco is a wholly owned subsidiary of VFS Global and has been providing visa concierge services to customers since 2012.

Data Security

Assurance of the highest standards of data security in compliance with GDPR.

End-to-End Assistance

OneVasco provides end-to-end visa assistance for all countries with streamlined and transparent services to customers who are in need to these services as part of their visa application process.

Digital Solution

All information on visa types and document requirements is available through the OneVasco website and Mobile App.

Secure Storage

OneVasco offers a secure visa document vault and enables storage of customer information including documents that can be reused for subsequent visa applications, making the process seamless for customers.

Travel Enablers

Our trained and experienced staff thoroughly review each application to ensure it meets all mission requirements and includes all necessary documentation, making it ready for submission either directly or through a service provider.

Our Visa Concierge Services: Comprehensive assistance for every stage of the visa journey

Visa consultation & application support

We provide end-to-end information support to traveler's regarding the visa application process. The service agents disseminate accurate and current visa information pertaining to the requirement of visa, pre-requisites and supporting documents, steps for application, visa fees, average process times, etc.

Application filling assistance

Understanding the hurdle of filling out long visa application forms. Taking responsibility for the time-consuming and mundane travel tasks, the service agents accurately complete the visa application form based on the documents and information provided by the applicant.

Premium services

- Premium Services like Visa at your door step, Premium lounge, priority services
- On-ground assistance available at all Visa application centres for a personalised experience

Document pre-verification

We also provide a document checklist to applicants to prepare the documents required for the application submission. Prior to submission at the Visa Services Centre, the service agent verifies all the documents and if required, advises the submission of additional documents to support the application.

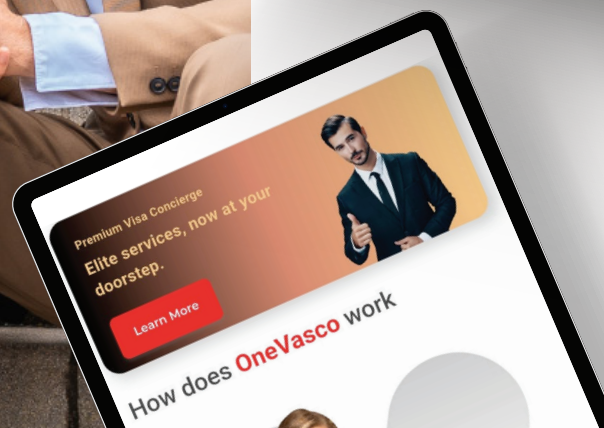

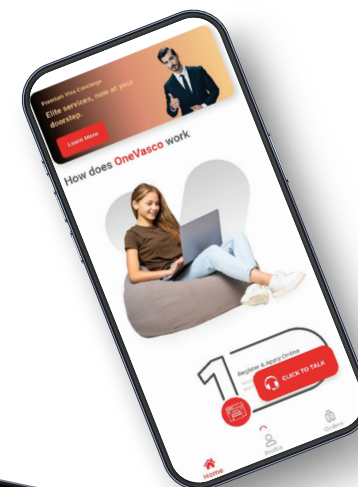

Appointment scheduling

On behalf of the applicant, appointment scheduling assistance according to the applicant's preference. Once an appointment is confirmed, the applicant receives an appointment confirmation email along with the duly filled application form.

OneVasco: Making visa journeys simpler

Through our integration with the SAP Concur App Center, we offer a single, unified platform that streamlines the entire visa process, ensuring your employees are always prepared for their international travels. Our solution provides transparency and administrative assistance, allowing your team to focus on business.

Our Solution: Seamless Visa Management

Our robust solution offers a suite of features designed to simplify and automate the corporate visa process:

Unified Data Synchronisation

Seamlessly connect with your SAP Concur account to pull traveller profiles and trip details directly onto our platform, eliminating the need for manual data entry.

Assisted Document Generation

Our specialised team will assist in filling out visa application forms and checklists with pre-populated data from Concur, drastically reducing human error and saving time.

Real-time Application Tracking

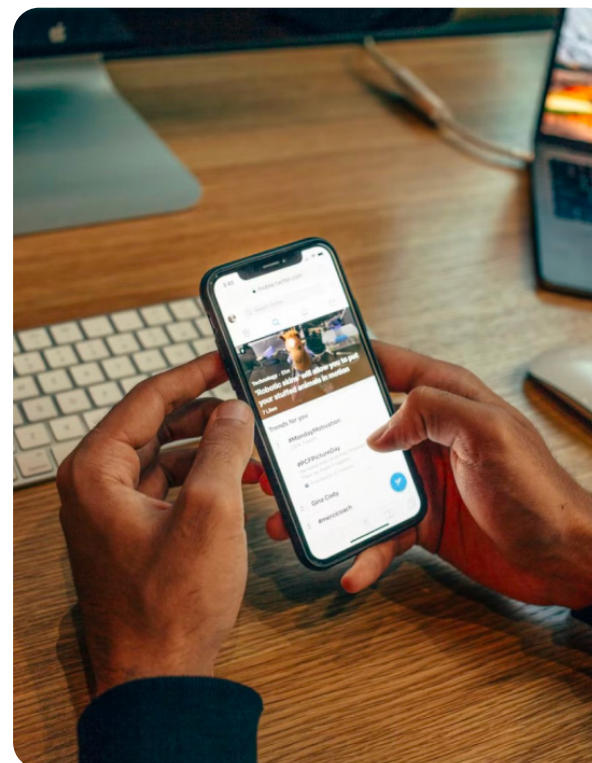

Gain full visibility into the status of every visa application with a centralised dashboard. Track progress, receive automated alerts, and manage all your travellers' requirements in one place.

Global Compliance & Expertise

Access an up-to-date database of visa requirements for countries worldwide, ensuring your applications are always accurate and compliant with the latest regulations.

Secure Document Management

A secure, cloud-based repository for all traveller documents, from passports to invitation letters, ensuring easy access and robust data protection.

How to Integrate

Integrating with our solution via the SAP Concur App Center is simple and secure.

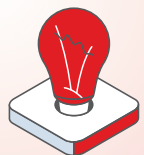

Find us on the SAP Concur App Center

Search for our application in the App Center, located within your SAP Concur dashboard.

Activate & Connect

Select our application and follow the simple prompts to activate the integration. You will be asked to grant permission for our platform to access the necessary data (e.g., traveller profiles, itineraries) to streamline the visa process.

Start Streamlining

Once connected, our team will assist you with the final setup to get your profile up and running. Your team can immediately begin to submit visa requests and leverage our solution for a faster, more reliable process.

Testimonials

Samir Ahmad

My experience with OneVasco was very good. I received a response within hours of making my submission and any missing information on my part was quickly clarified. I got my visa for the UAE within 3-4 days of my application.

Ankita Agarwal

I have received the visa, thank you for the efforts in order to send the visa to us on time. Great service from Onevasco. Will surely suggest others to use your service as well.

Nilanjan Banerjee

Hello OneVasco team – the experience with you has been great. My Dubai visa was express processed within 48 hrs. Thanks for the 5 star service.

Regards

Umang Tyagi

My experience with OneVasco was excellent and very smooth. The team guided me thoroughly throughout the entire process.
